- All clubs counted here have been identified either by name or by number and name, plus charter year, disbandment year (if relevant), or as still active.
- Not all charter dates are known, and more than one definition of “charter date” has been found. For example, in some instances it is the date on which Zonta International received the application for a new club, in others it is the date on which Zonta International received all membership lists and payment, and in still others it is the date on which the Zonta club

received the charter letter. This overview therefore uses only the charter year and the disbandment year.

- The figures are as of 31 December 2018.
- Club numbers are generally consecutive according to club charter dates. However, this is not always so. For example, the club number 0267 was assigned in December 1951 to the Zonta Club of Halifax but club number 0269 was assigned to the Zonta Club of Bismarck-Mandan which had been established a month earlier, in November 1951.
